Mark Jenkins

Last week, we shared **some photos** of **Olek** as she returned to her hometown for the **Katowice Street Art Festival** where she yarnbombed excavators. She wasn't the only street artist to hit up the Polish city because a steady stream of urban beautifiers have put up work of their own including **Mark Jenkins** (**interviewed**) with a attention grabbing tug-of-war installation and **Escif** with a huge on-off switch. If you remember, we also included the piece by **Ludo** (**interviewed**) earlier this week in our ***Streets: World Roundup***.

Take a look at the wall from Escif as well as more detailed pics from Jenkins after the jump…
