FIRST LOOK: Mark Jenkins’ “The Death of Death” in Dublin

“This latest piece, “The Death of Death” was put up in Dublin in early September (w/Anewspace/Dublin Contemporary) during Suicide Awareness Week. These days we’re continuing to explore the idea of the urban theater—

the street as a stage. Also doing a lot of workshops, the most recent in Tashkent, teaching people this idea of using their body to make self-replicas to put out into public space."... Mark Jenkins

Also, if you're in New York City this November, be sure to check out Pictoplasma NYC, a terrific two day conference which celebrates contemporary character culture, including illustration, graphic design, game design, fashion, art and robotics. Sara and I will be giving a lecture (along with Mark Jenkins, who's featured above) on Friday, November 4th. You can find the full line-up of speakers here.
