Continuing their mission of supporting socio-political art in urban spaces, **Positive-Propaganda** has arranged for another public work in Munich. The eye-catching piece from **Mark Jenkins** (**interviewed**) features one of his signature tape sculpture mannequins playing a giant game of tic-tac-toe on the facade of the Social Welfare Office in the German city's Westend. Take a look at more photos below and if you are interested in this series of work, also check out murals from **Aryz** and **KRIPOE**.
